ImmuPharma PLC
("ImmuPharma" or the "Company")

DIRECTOR RETIREMENT

ImmuPharma PLC (LSE:IMM) (Euronext Growth Brussels: ALIMM), the specialist drug discovery and development company, announces that Dr Robert Zimmer, President & Chief Science Officer has confirmed to the Company that he will not be seeking re-election at the forthcoming Annual General Meeting scheduled for 28 June 2021 and will be retiring from ImmuPharma PLC and leaving the Board with effect from then.

The Board would like to express its gratitude to Dr Zimmer for his 16 years of service and wishes him well for the future.

As a substantial shareholder in ImmuPharma and to demonstrate his continued support of the Company, Dr Zimmer has entered into a lock-in agreement, to not dispose of shares in which he has an interest, for a period of three years or, if earlier than three years, the date of the reporting by the Company of the preliminary results of the next Phase 3 clinical trial of Lupuzor™.

Commenting on the announcement, Dimitri Dimitriou, CEO of ImmuPharma said: *"Having co-founded ImmuPharma in 2005, Robert has been a driving force in the business for many years, both scientifically and through our strategic collaborations, in particular the longstanding relationship with the CNRS*. On behalf of the Board and all our colleagues, I thank him for his invaluable and unique contribution."*

Dr Robert Zimmer, added: *"I have taken great pride at being at the helm of ImmuPharma, working with such highly committed and exceptionally talented colleagues. Whilst my retirement from the Company will allow me to focus on the many endeavours now afforded to me, as a major shareholder in ImmuPharma, I remain fully supportive of the Company, its diverse pipeline and technology but most specifically, the long-term success of Lupuzor™. As such, I have every confidence that Lupuzor™ has the potential of becoming a first line treatment for the many lupus patient sufferers around the world."*

*CNRS : Centre National de la Recherche Scientifique

Notes to Editors

About ImmuPharma PLC

ImmuPharma PLC (LSE AIM: IMM – Euronext Growth: ALIMM) is a specialty biopharmaceutical company that discovers and develops peptide-based therapeutics. The Company's portfolio includes novel peptide therapeutics for autoimmune diseases, metabolic diseases, anti-infectives and cancer. The lead program, Lupuzor™, is a first-in class autophagy immunomodulator which is in Phase 3 for the treatment of lupus and preclinical analysis suggest therapeutic activity for many other autoimmune diseases that share the same autophagy mechanism of action. ImmuPharma and Avion Pharmaceuticals signed on 28 November 2019, an exclusive licence and development agreement and trademark agreement for Lupuzor™ to fund a new international Phase 3 trial for Lupuzor™ and commercialise in the US.
